

## ASSESSING THREATS AT GILLINGHAM

Dear Gillingham Stakeholders,

To continue to ensure the health and safety of our students, employees and visitors at Gillingham, the school's safety team has a special sub-committee or team that solely focuses on assessing incidents, situations or persons that might pose a threat to our health and safety.

Gillingham's board has a policy and updates it to follow state and federal regulations.

Please click on the button on this website page to see the policy.

If you have any questions, please reach out to me or the school's safety team at 570-955-3830.

Sincerely,

*Nicolle*

Nicolle Hutchinson, M.S. Ed.  
Executive Director
